HSTCC Staff Business & Updates:

Bike/Ped needs by September 29th

Carrie informed us about the bike/ped projects must be submitted by September 29th to be added to the prioritization list.

TAP Grant Follow up and Highway Safety Grants (January)

Carrie provided the committee with the 2022 Transportation alternatives program application to understand and help prepare for next years round. She is working on step-by-step instruction so that communities would be able to have guidance.

Carrie gave update that there were 6 communities interested in the TAP Grant, however, only 2 communities completed the application.

Complete Streets Training (Missourians for Responsible Transportation)

Jackson was able to provide the committee with the purpose for his position. MRT is a non-profit based in Columbia who helps make transportation safer for pedestrian and bicyclists. Jackson shared the event details to the committee for a potential event on the Third Thursday in October.
